DO'AH AT THE PALACE

Saturday, April 8th, The Palace in Petaluma is proud to present its first live performance, under new ownership. In conjunction with Global Pacific/CBS Records, The Palace presents DO'AH.

Founded in 1974, by Randy Armstrong and Ken LaRoche, DO'AH is dedicated to creating music that opens new doors to cultural understanding and promotes the establishment of World Peace. Combining numerous authentic and hand-made instruments from around the world with high technology, DO'AH blends diverse cultural sounds to produce a sparkling and brilliant musical statement. Hailed as "powerfully optimistic" and "strikingly original" and as "one of the important contributions to the future of our music" by jazz legend, Dizzy Gillespie, DO'AH breaks new ground into music's future.

DOAH will also perform at Cabaret Sauvignon, Monday April 10
