from Around the World**

**SILO Music Audio & Visual; Ages 4 and up  
CD \$14.98, cassette \$9.98; (800) 342-0295**

*World Tales* is a beautiful example of storytelling at its best.

Five stories — including traditional and original tales based in Ecuador, Africa, India and Native America — spring to life with the aid of the interwoven music score, sound effects and dynamic character voices. The performing artists, Armstrong & Aichele, have made the art of storytelling one that's all their own through their creative presentation of a collage of human emotions and themes that rise above all boundaries. — CY
